top information for  
 a successful winter-season  
 in St.Anton

**Accommodation** At the beginning of every season there are always 2 or 3 guesthouses that open earlier (October) and offer sharerooms from euro15,- pp/pn. For seasonal accommodation (where accommodation is not supplied with a job) or appartements, shared houses etc. it is often easier to find something in St.Jacob & Pettneu or even in Schnann or Flirsch. Check with Surfers Paradise staff if the tourist information office has no information about these accommodation details.

**Arlberg Skischool - Freistil** is the progressive freestyle and freeride part of the ski school. Harry who is in charge of FREISTIL has built a team of instructors who will help you to progress in the park. For those of you who wish to go off piste under the guidance of a qualified off piste instructor you will learn some new and challenging terrain while enjoying champagne powder snow. They also offer avalanche awareness courses.

**Alpine Faszination** offers an excellent avalanche awareness course which is an absolute must for those who would like to see some of the back country that is available in the world famous Arlberg area. The guides are fully qualified and are some of the most experienced with the extreme conditions here. Ask the staff at Surfers Paradise for more info.

**Avalanches** occur in the 'Arlberg' almost routinely after a new snow-fall and can be life threatening for those seeking off piste powder turns. Anybody that has spent a winter in St.Anton understands the complete and utter destruction and devastation that avalanches can bring. It is considered a necessity for those serious about going back country or even off piste to take an avalanche awareness course. A one day awareness course is held each week that will enhance your perception as to the dangers that can occur after a snow-fall. For more information about these courses see the staff at Surfers Paradise.

**Bakery** there are 3 in St.Anton, 1 in each of the supermarkets (Spar and IFA) and the DORF bakery in the middle of town and 1 at M-Preis the new supermarket in St.Anton.

**Banks** there are several different banks in the village centre, open from Monday till Friday 8-12am and 2-5pm, Saturdays 8-12 am. The best exchange rates are the Raifeisenbank, Sparkassa or Spar-und Vorschusskassa (they have a Seasoners account) where the rates vary slightly. Situated at the western end of St.Anton is the Reise-Bank where the rates may look the same, but you may finish up paying much higher rate of interest, and so check the associated costs of the transaction before you exchange your hard earned cash or cheques!

**Bars & Nightclubs** There are many in and around St.Anton however the most popular are The Funky Chicken, The Platzl, Bar Cuba, Pub 39 and Scottys. On the mountain opened for apres ski from as early as 10am there are The Fanghouse (nasserein), Taps and Krazy Kanguruh above the village both located at Moos. These 2 bars are the most frequented also at Moos is the famous german bar Mooserwirt and opposite is the Griabli bar.

**Buses** run from St.Anton to Landeck, St.Christoph, Stuben, Zürs and Lech on a regular timetable (these are displayed at the Bundesbus departure area). There are ski-buses from St.Jacob, Flirsch, Schann and Pettneu. A copy of schedules is available at the Information centre. The departure area for buses this season is at the western end of St.Anton near Sport Jennewein.

**Cafes** are many however the most frequented are the popular Cafe Häferl (opposite Funky Chicken), Cafe Schneider in the town centre, The **Amalien Stube** (opposite Schneider is a good place for cheaper eating and day/evening snack foods as is cafe/restaurant Sailer (next to Sport Jennewein).

**Cars** make sure your car is not a rust bucket or the police will be after you! If you are looking for a seasonal park place its best to get advice from the owner of your guesthouse. Parking places in the town centre are non existant, however a new underground park place is being constructed at the Western end of town and short term parking is available at the train station. Staying over the limited time in metered areas can be costly. Ask at the Gemeinde (council office in the town centre) for season parking information.

**Chemist** is located in the centre of town, the alley next to the council offices.

**Cinema** with program in English can be found in Innsbruck. Check on the web at [www.cineplexx.at](http://www.cineplexx.at). More choice of English movies is played at Metropol Kino aswell in Innsbruck. Their homepage is [www.metropol-kino.at](http://www.metropol-kino.at)

**Climbing** see the staff at Surfers Paradise and they will put you in contact with those people who have climbing schools. During the winter the options are limited to indoor climbing or ice climbing.

**Doctors & Dentist**.... Dr Knierzinger, general practitioner tel. 2828 situated in the arcade next to the info centre. Dr Sprenger, general practitioner tel. 3200, down by the church in the school. Dr Juen (Dentist) tel. 2070, nest to chemist shop.

**Drugs** (even dope) are illegal in Austria and the consequences for being found in possession and/or using them can be severe and so have a good season and avoid drugs.

**Food** there are 3 supermarkets in St.Anton, M-Preis actually in St.Jacob just before you get to St.Anton being the largest, Spar and IFA both are more central, however you can expect to pay a little more on some items. About 25 km away, in the town of Landeck there is a super-market that goes by the name of Hofer. Its about 40% cheaper on Hofer brand items and without a doubt if you buy in bulk you will more than cover the cost of a bus ticket and save some money towards the price of a new snowboard. The bus departs from St.Anton almost every hour and remember by purchasing a return ticket you save a little more.

**Fighting Don't fight!!** violence is a certain ticket out of town! The police in St.Anton don't take kindly to it, no matter what the circumstances there will be no winners and the fine will most probably see you packing your bag and going home.

**Fitness** centre Located in the Wellcome Centre, near the ice skating area also has a sauna and swimming area.

**Funky Chicken** The Funky has become the most prolific bar in St.Anton after you have tasted the famous margaritas and listened to Dj James and the host of Dj's spinning tunes and videos on the big screen. As your nights slip into oblivion along with the margaritas and the senioritas and just in case you get the need to eat - the Funky kitchen has cheap chicken&chips, chicken wraps and a variety of other snack food. Located in the same building as Pizza Pomodoro and the Platzl is the choice of many party goers.

**Internet cafe** can be found in the Mail Box in the pedestrian zone. You also can use the internet service at Surfers Paradise with the same card service available at mailbox and SuPa Nasserein.

**Ice skating**, curling and other ice sports are possible with the new ice place being located at the the Wellcome centre.

**Lost & Found** is located in the centre of the town at the council offices on the 1st floor, tel. 23620

**Langlauf** (crosscountry skiing) equipment is available at all Team Jennewein Ski shops and you will get maps at the tourist info.

**News Agents** One is located under the Council offices across from the chemist shop. It sells a large range of foreign language books, magazines and tobacco products. Anton Eiter located opposite the Funky has a good range of books, magazines, gifts and stationary. Not to mention an up to date video library with a good range of German and English videos for hire. Both of the supermarkets also offer books and mags in English and German.

**Nightclubs** Here are some names...Platzl Bar, The Funky Chicken, Bar Cuba, Kandahar Bar, Piccadilly, the Postkeller and Scotty's. All these are loacted in the centre of the town.

**Petrol station** At the eastern end of St.Anton. It also offers items such as food, magazines, drinks... It is open from 7.30am-9pm seven days a week.

**Pizza** The crew at Pizza Pomodoro make great pizza's and with a no reservation policy it is the most visited eatery in St.Anton. It's located in the same complex as the Funky and the Platzl, which makes for the complete night out. Down at the Hotel Rosanna, the travel company Mark Warner have the Rosanna Pizzeria. They offer cheap beer and competitive prices. Out in Nasserein is the Austrian style pizzeria named San Antonio, where you can eat pizza while trying the austrian style of 9 pin bowling.

**Platzl** It offers live musik every night from December until April and between sets a Dj takes over spinning all the latest tunes. Be sure not to miss Brendan (owner & barman) himself who after a drink or 2 will leave the bar behind him and jump on stage to do his rendition of some classics from Queen, Prince ... Don't miss it! The Platzl is not just a nightclub, it is also a restaurant with a difference! Check it out and enjoy!

**Post office** is behind the towns centre at the Eastern end of the mall. It offers post restante address mailing facilities plus general post office facilities. Open Monday to Friday 8-12am and 2-5.30 pm, Saturday-Sunday closed.

**Police** The village police look after lost & found, accomadation registration and de-registration plus items relating directly to the village. Then there is the Gendarmerie who look after criminal matters including stolen snowboards, ski's.... These police are thorough and won't take kindly to you if you have done the wrong thing. A good suggestion would be to stay out of their way and obey the laws of Austria. The village police are located in the council offices in the centre of the town. Tel. 236213. The Gendarmerie are near the church and the telephone number is 2237

**Railway station** is located on the opposite side of the village to the town centre. The station is new and the main link between St.Anton and the outside world. There is a cafe and lockers. Most people arrive and depart by train, so it can get busy. The ticket sales staff are often unhelpfull - especially if you cannot speak german.

**Registration** upon arrival **is necessary and must be done** within the first 3 days!!. Be careful to register with the Gemeinde if you intend staying more than 3 days at the same place, failure to do so incurs a fine between euro 50-100. |

**Ski passes** are available at the ticket office at the bottom of the ski slopes. A season pass costs about euro 645. When you get your job in St.Anton and you work 90 days with at least 30 hours official work per week, euro 308 is refunded when you hand the skipass back at the end of season upon presentation of a document completed by your employer.

**Snack Attack** is a fast food joint oppostite Bar Cuba, in the centre of the town. Open till late and good value for the munchies after a big night out.

**Ski shops** There are many options in town, however for the best deals new or used try Sport Jennewein. Ask for Jeff as he is the man for skis, boots... For ski hire equipment, season storage etc. ask for GoGo at the Jennewein shop opposite the Galzigbahn station in Hotel St.Anton.

**Snowboard shops** There are only 3 core shop in town and Surfers Paradise has the 2 most happening shops in Europe. You will find one at the eastern end of the town by the information centre and one at the western end, at the Nassereinbahn. They both carry all you need for snowboarding including the latest fashion, function and accessories.

**Swimming pool** The main pool is located at the Wellcome centre. Most hotels do have pools too, but they are mainly for the houseguests.

**Taxi** are expensive. I hate using them, a typical example is the 6km trip from St.Anton to Pettneu euro25 (by bus 1.80). If you need a taxi try Isseponi (tel. 2275 or 2174) or Lami (tel. 2806) or Arlberg taxi's. Harry tends to be more expensive.

**Telephones** There are several alternatives. The post office, the phone box near the info centre. Also in various locations around town. If you intend staying in Austria for the season and like to have contact with the outside world, a good idea is to buy a B-Free handy. It will cost about euro100 and it normally includes euro30 worth of free usage. Available at the Elektrizitätswerk next to SuPa and also in Landeck at various locations. Other operators like TeleRing offer good conditions on phones with a year contract.

**Tennis and Squash** can be played in the indoor courts located on the opposite side of the road from the Rosanna Hotel. Information for bookings are with the staff from Well.com.

**Travel Agencies** use the internet. For a listing of travel companies in the village it is amazing what can be arranged through some reps here for the season. Or spend a day in Innsbruck and check out the travel agencies there.

**Video's** are available for hire at Anton Eiters, Located opposite the Pizzeria Pomodoro. They offer a good range of late releases in English and German. Photocopying in bl/w and full colour can be done here too!
